Housekeeping Services

Upon request the resort provides housekeeping services daily. Please let us know by 1:00 pm if service is required, and what level.

We also encourage our guests to help conserve water and detergent usage where possible to minimize the carbon footprint. If you require new towels in your room, simply place soiled linen in blue bag provided outside your door by 11 am. Rooms are only cleaned upon request for stays under 3 nights. Service is provided automatically on the 3rd day for longer stays. If service is required prior, please call the front desk.

Thank-you for taking the time to read through our Welcome Package. We have noted some of the important information about the resort and local area as well as some great information on the history of the Inn.

Should you have any additional questions or concerns, please visit our Front Desk for friendly and helpful assistance.

Woodburning Fireplace Instructions

Natural wood-burning fireplaces offer a traditional warmth and ambiance but are a rarity in most resorts now. We feel offering that warmth is an important part of your experience. You will find wood, matches and a fire-starter brick in the welcome kit you received at check-in.

Never use more than 1-3 logs at a time. Should you require additional firewood, we have wood sheds conveniently located to all rooms:

- **NORTHWOODS:** Between the Northwoods I & II buildings
- **GLEN EAGLES:** At the front of your suites, on the right hand side
- **EASTWOODS COTTAGE:** On the front deck of the cottage
- **MAIN INN:** Central closet in the upstairs hall

Please follow these important safety instructions when lighting and utilizing the fireplace:

Never rest logs against glass doors.

Before lighting your fire, take note of the location of the fire extinguisher.

1. Important: Confirm that the flue is in the OPEN position (you should be able to see daylight if you look up the chimney).
2. Place firestarter on the fireplace grate.
3. Nestle 2 pieces of firewood on the Firestarter, leaving a part of the firestarter accessible for lighting.
4. Pre-warm the chimney (to avoid a back-draft of smoke into your room): Light the edge of the supplied newspaper and hold up to the chimney opening for 1 minute or until you no longer feel a cold downdraft, before lighting your fire.
5. Place the lit newspaper below the grate in the fireplace and enjoy the ambience!

Never use more than 1 to 3 logs at any given time.

the history **THE HISTORY OF SIR SAM AND THE INN**

Completed in 1919, Sir Sam's Inn was once the Haliburton estate of Sir Samuel Hughes, the decorated government minister who led Canada's Military through the first World War. Though he was only able to enjoy its architectural beauty for two years before his passing in 1921, his family remained at this beautiful site until the 1930's.

The 10-bedroom stone and timber mansion he built along Eagle Lake's shoreline uniquely combined his desire for civilized comforts with his respect for nature's own bold architecture; that mutual respect continues today. While we've added 16 lakeside accommodations, the Waterspa, a conference wing and many other amenities, nature remains the guest of honour.

Sold in the 1930's, Sir Sam's was renamed the "Glen Eagle Fishing Lodge" and operated seasonally until 1965.

In 1979 that James Orr purchased the Inn, resurrecting its original name to reaffirm its heritage, and establishing his vision of outdoor grandeur and heartfelt hospitality over the next several decades.

Sir Sam's Inn is Ontario's Historical country destination and continues to grow as the next generation of Innkeeper plays a part in History.

sir samuel **WHO WAS SIR SAMUEL HUGHES?**

Born January 8th, 1853 near Bowmanville, Ontario (known then as Canada West), Samuel Hughes attended the University of Toronto, and later joined the 45th West Durham Battalion of Infantry where he fought against the Fenian Raids.

In 1885, after teaching for 10 years, he relocated to Lindsay, Ontario where he purchased the local newspaper "The Victoria Warder", working as its Publisher for the next 12 years. It was during this time (in 1892) that he was elected to Parliament.

Samuel Hughes was chosen as a Commander for the Canadian contingent of 1200 men to be sent to South Africa to support British policies. Later in 1899, after helping to convince then Prime Minister Wilfred Laurier to send Canadian troops, Hughes volunteered for and fought in the second Boer War. Knighted for his services, he became known as Sir Sam.

Sir Sam then went on to be appointed Minister of Militia in 1911 and created the Canadian Expeditionary Force (CEF) which oversaw the building of Camp Valcartier in Quebec during the first World War.

Known for his unfaltering support for what he believed in, Hughes was not always in agreement with his leaders and could sometimes be regarded as quite controversial. His opinions were not always popular and his methods unorthodox, though he would argue that he was merely cutting through red-tape to help his boys in the field.

On August 24th, 1915, Samuel Hughes was knighted as a Knight Commander of the Order of the Bath and a year later, was made an honorary Lieutenant-General in the British Army. A Regimental and King's Colours display and plaque at Knox Presbyterian Church in Ottawa is dedicated to the memory of those who served in the 207th (Ottawa-Carleton) Battalion, CEF during the First World War. The Regimental Colours were donated by the American Bank Note Company and presented by Hughes to the battalion on Parliament Hill on November 18th, 1916.

On August 24th, 1921, Samuel Hughes passed away at the age of 68 years old of Pernicious Anaemia. He is buried in Lindsay, Ontario, and is survived by his son Garnet Hughes, and grandson Samuel Hughes.
